The Ancient Power of Gemstones

Gemstones are living fragments of the earth's story – formed over millennia, infused with ancient wisdom and primordial energy. Each stone holds its own quiet pulse - offering strength, protection, love, or clarity to those who wear it.

At Jenna Clifford, we weave this energy and meaning into every design, creating jewellery that transcends beauty. A sapphire becomes a talisman of truth, a diamond a vessel for unbreakable love, an emerald a guardian of renewal. Our pieces are not only to be worn, but to be lived with – carrying sentiment, story and legacy for generations to come.

FROM EVERYDAY TO ELEVATED

CRAFTED FOR VERSATILITY

In a world where denim, sneakers and sweatpants have become everyday staples – and working from home has reshaped how we dress – jewellery has evolved to meet the modern woman's needs. Today, it's all about versatility: pieces that move effortlessly from casual mornings to evening occasions, from Zoom calls to special celebrations.

This collection is designed for exactly that. A pendant that can be styled on chains of different lengths and widths. Earrings with detachable charms so huggies can be worn alone. Designs that can be reversed for an entirely new look.

ABOUT THE COLLECTION

THE STORY BEHIND THE COLLECTION

It began as a love letter in the form of jewellery – a bespoke pendant for Jenna’s eldest daughter, Shayna. She wanted something she could truly live in: a piece beautiful enough to dress up, yet versatile enough for every day.

For her birthday, Shayna’s husband, Gavin, turned to her sister Chanelle, one of our head designers, to bring this vision to life. Together, they explored ideas that would blend beauty, comfort and meaning. The design took shape when Jenna gifted Shayna an oval blue sapphire – a stone rich in truth, wisdom, and enduring love.

That single sapphire sparked a journey. More than a year later, this one-of-a-kind creation has blossomed into a full collection – honouring the original pendant’s spirit but reimagined in a spectrum of colours, gemstones and sizes. What began as one piece of personal significance has evolved into earrings, rings and necklaces, each carrying the same essence of wearability, sentiment, and timeless style.

Jewellery for now and always – to live with you, love with you, and become part of your story.
